Dear Valued Customer:

The European Chemicals Agency (ECHA) has identified a Candidate List of Substances of Very High Concern (SVHC) for Authorization. This list is available on the ECHA's website <http://echa.europa.eu/>. This list will be regularly updated when more substances are identified as SVHC. ECHA urges companies to check their potential obligations resulting from the Candidate List.

Rogers has evaluated the NITROPHYL®-M Floats, NITROPHYL®-MCFloats, K-Series Floats, and Nitrophyl®HT for SVHC. Rogers does not use any of the substance published as June 27, 2018 in the formulation or processing of any products on the market today.¹
